ABOUT ICAI & CoE HYDERABAD

The Institute of Chartered Accountants of India (ICAI) is a statutory body established on 1st July, 1949 by an Act of Parliament, viz., The Chartered Accountants Act, 1949 for regulating the profession of Chartered Accountants in the country. The Institute, which functions under the administrative control of the Ministry of Corporate Affairs, Government of India, has five Regional Councils, 179 Branches covering the length and breadth of the country and 54 Overseas Chapter, 31 Representative Offices all across the World. Founded over seven decades ago, the Institute has grown to cross the mark of 4,50,000 members and over 10 Lakhs students as of now. It is the premier and second largest accounting body in the world and represented at all the international forums on accountancy.

The ICAI Centre of Excellence (CoE) in Hyderabad is a premier facility established to enhance the professional development of chartered accountants through advanced training, research, and networking opportunities. It offers cutting-edge programs, workshops, and seminars on finance, accounting, and related fields, while also promoting research and innovation in the profession. With state-of-the-art infrastructure and international collaborations, CoE Hyderabad serves as a hub for professionals to connect, learn, and stay at the forefront of global trends in accounting and finance.

Key Takeaways:

1. Enhanced Understanding of Public Sector Governance:

- Participants gain insights into the structure, functions, and governance of public sector organisations, including their legal and regulatory frameworks.

2. Strengthened Financial Management Skills:

- Improved knowledge of budgeting, resource mobilisation, accounting, and financial reporting processes specific to public sector entities.

3. Understanding of IPSAS Implementation:

- Deep understanding of both cash-based and accrual-based IPSASs, their application, and the transition strategies for adopting IPSASs.

4. Improved Accountability and Audit Practices:

- Exposure to internal control systems, compliance mechanisms, and the role of internal and external audits in promoting transparency and good governance.

5. Future-Oriented Financial Leadership:

- Awareness of sustainability reporting, and continuous improvement to strengthen public sector financial decision-making in the 21st century.
